

Dear Members,

Happy 4th of July! We're proud to celebrate this great nation and remember what we love so much about this land. As we celebrate our nation's freedom let us also honor the courageous men and women dedicated to preserving it.

"The American, by nature, is optimistic. He is experimental, an inventor, and a builder who builds best when called upon to build greatly." –John F. Kennedy

What's Going on Next Door?

If you have visited the AT&T Hotel and Conference Center recently, you've probably seen the progress of Rowling Hall, McCombs School of Business' new graduate school building, next door. We're excited to be a part of it by expanding our conference center space to 83,000 square feet (currently 50,000). We'll have a beautiful, new 15,000-square-foot ballroom in January 2018!

If you're looking for a place to host your next meeting or conference, let's talk about how you can be one of the *first* in the new building!

Of course, we'll keep our members updated about all the developments. Thank you for being a part of all the excitement!
